Notes:

- The statement of Assets and Liabilities are given in the annexure
 - The operating profit for the quarter under review is lower than the corresponding quarter of the previous year due to lower sales realization. The operating profit for the year under review is lower than the corresponding previous year largely on account of a plant shutdown for expansion of plant capacity to 84,000 metric tons per annum and lower sales realization. Therefore, the results of the current year are not comparable to those of the corresponding previous year.
 - In the context of the Accounting Standard on Segment Reporting (AS-17), Peroxygen business is the only reportable business segment.
 - The Board of Directors has recommended a dividend of Rs.12/- per Equity Share of Rs.10/-each for the year ended 31st March, 2012.
- There were no investors' complaints pending at the beginning and end of the quarter. One complaint received during the quarter was satisfactorily resolved during the quarter.
- The above results were reviewed by the Audit Committee of the Board and were thereafter approved and taken on record by the Board of Directors at its meeting held on 14th May, 2012.
- In respect of standalone financial results, figures of the last quarter ended 31st March, 2012 and for previous year quarter 31st March, 2011 are the balancing figures between audited figures of respective financial year and the published year to date figures up to the third quarter ended 31st December, 2011 and 31st December, 2010.
- The figures for the previous period/year have been regrouped, wherever necessary to conform to the classifications of the current period.
